ADDITIONAL INFORMATION:

Wayne Hicks is a Tennessee licensed General Contractor Residential/Commercial with over 50 years of construction and building experience. Wayne provides a broad range of services to insurance companies and law firms as well as construction, engineering and architectural firms that includes structural analysis and design, condition assessment, damage investigations, failure analysis, construction consulting and management, and expert testimony for construction claims and disputes. Responsible for field investigations, establishing and coordinating expert teams for investigations, provides quality assurance, evaluation and supervision of in-progress construction for residential and commercial structures.

A native of rural Virginia, Wayne brings craftsmanship to his work. With over 50 years of construction experience he thoroughly enjoys the building process and bringing dreams into reality. Attention to detail and customer service has been the foundation of his business ethic.

Waine enjoys being part of the community and participating in local charity, church and school events. In his spare time, Waine enjoys his horses, fishing, baseball and spending time with his family and most importantly his grandchildren. Waine is dedicated to making a difference in everything he does.

His current company, Carriage House Custom Homes and Interiors, Inc. in Franklin, TN specializes in Residential Remodeling featuring kitchen and bath projects. They have a product showroom and have won numerous National and local awards as follows:
