I have worked as a Physician Associate for 15 years, specializing in Family Medicine and Geriatrics in outpatient, home health, and long term care settings. I was an Associate Professor of Physician Assistant Studies at the University of St. Francis and was a member of the adjunct faculty as an advisor for capstone research projects. I've served as a board member of the New Mexico Academy of Physician Assistants as well as a member of the NMAPA annual conference planning committee.
