

GIVE YOUR *Case* THE EXPERT OPINION IT DESERVES

At Kaufman Medical Group, Inc., our mission is to deliver clear, timely, and clinically grounded expert analysis to support attorneys in high-stakes litigation.

Dr. Noah Kaufman brings over 20 years of frontline emergency medicine experience and has been board certified since 2008. He provides balanced, impartial opinions and works equally for both plaintiffs and defendants—frequently offering non-supportive reviews when the facts don't support a claim. As he often reminds clients: a bad outcome does not always equal malpractice.

Dr. Kaufman has never faced professional discipline, has no history of malpractice claims, and has never been named in a lawsuit—an uncommon distinction among career ER physicians.
